Contents of disclosure:

At 10:00 PM on May 25, 2026, a fire broke out at the tower section of the acid regeneration line at Hoa Sen Phu My Steel Sheet Plant, located on Street 1B, Phu My Industrial Park, Ho Chi Minh City.

Upon the outbreak of the fire, the Company promptly deployed its on-site firefighting force in coordination with the Area 25 Fire Prevention, Fighting, and Rescue Police Force (under the Ho Chi Minh City Police Department) to contain the blaze. By 10:45 PM on the same day, the fire was completely extinguished.

The fire resulted in no casualties and no damage to goods. Damage to the machinery and equipment of the acid regeneration line was insignificant, and all of the plant's machinery and equipment are fully covered by comprehensive insurance. The cause of the fire is currently being investigated and clarified by the Company and competent authorities.

The acid regeneration line is an auxiliary line that is physically separated from other production areas, thus it does not affect the operation of other production lines. All other production lines continue to operate normally. Therefore, this incident has absolutely no impact on the current production and business operations of Hoa Sen Group
